Price without VAT (*net export price):

For EU residents: if you have a valid EU-VAT number, the amount will be invoiced without the tax. Otherwise, if the instrument is a private acquisition, 22% Italian VAT will have to be added to the net price.

For customers in non-EU countries: invoices are made out in NET prices / excl. Italian VAT .

You might have to take care of customs duties / import fees of your country before- or when the package gets delivered.

Please consult your tax accountant regarding the exact percentage of customs duties / import fees of your country.
